## WE WANT YOU!

There is one open council seat, so please consider serving as a Hayward City Council member. Get involved and be the voice your community needs!

Your influence can help make a difference on things that affect the day to day lives of you and the other people in the city. As councilor, you will receive on-the-job training and an annual stipend!

Contact the City Office for more details.

### Residents with Sump Pumps!

Don't forget you must drain your sump pump outside NOT down the sanitary sewer (from within your house). The lift station becomes overburdened. Thank you!

### HAYWARD BOOSTER CLUB

We'd like to see the Hayward Booster Club up and running again! This is a FUN and rewarding way to help out in your community! If interested call the City Office!

**We're proud of our city!**
